Peace Briefs From Virginia League Clubs

Auburn, N. Y., February 19.—John H. Farrell, chairman of the National Board of Arbitration, was asked to-night as to the result of his conference with Richmond baseball men today in the matter of internal strife in the Virginia League.

"There is absolutely nothing to be said," Farrell said, "and I advise them to put their evidence in writing and submit it. No decision was made, and there will be no decision until the papers are in. The case will be adjudicated in the usual manner."

He declined to give out the names of the conferees, who left Auburn immediately after meeting Mr. Farrell.

From authentic sources it is learned that the Richmond club, and Z. E. Woodall, corresponding secretary of the Virginia League, also writer of sports on an afternoon paper, were those who conferred with Secretary Farrell, Jack Griffin, who will be the manager of the Newport News club, if the circuit is enlarged, was in Richmond yesterday telling his troubles.

WHAT LYNCHBURG SAYS

Lynchburg, Va., February 19.—That the effort to enlarge the circuit of the Virginia League was not downed by the adverse vote taken by telegraph Saturday is evidenced by the fact that President Wilkinson, of the local team, this afternoon received a telegram from Norfolk asking if Lynchburg would vote in favor of the admission of Portsmouth along with Newport News.

To this President Wilkinson replied at once that Lynchburg would consider such a proposition, provided it is entered into as a trial for a year only.

The stand of the local team is that the eight-team league will not pay the various clubs as well as the present constitution, but Lynchburg is willing to go into an agreement for the admission of either the Newport News and Suffolk, or Portsmouth, if it is provided that the agreement is to be binding only for one season, after which the circuit goes back to six clubs, or becomes permanent upon a two-thirds vote of the clubs of the league.

It is understood that Lynchburg will not vote for a permanent enlargement of the circuit under any circumstances.

THINK TROUBLES OVER

Danville, Va., February 19.—The 1912 season of the Virginia League Association will open on April 25. The schedule of games and the entry list will be arranged at a meeting of the club presidents in Richmond on March 23.

There is much satisfaction among the fans here that the troubles and factional differences have been settled, and all are going to get together and work for good, clean baseball.

NO EIGHT-CLUB LEAGUE

Norfolk, Va., February 19.—President Boatwright, of the Virginia League, telegraphed to the League Dispatch today from Danville, Va., that the vote on an eight-club baseball circuit had failed to carry as the result of a tie.

There will be no eight-club league in Virginia this year unless the vote of the present six clubs is reversed. Norfolk, Richmond and Petersburg voted for an eight-club league. Lynchburg, Danville and Roanoke voted against.

Abie Hovitz, from Newport News, said to-day he would fight to the end.

PETERSBURG SATISFIED

A number of the directors of the Petersburg club, including J. W. Seward, president, in Richmond last night.

They were inclined to be positively satisfied and watch the fight. If the league disrupted they were satisfied, and if not they were willing to go along.

PATRONAGE CLUB IS SWUNG BY TAFT

Ten Nominations Withdrawn From Senate as Warning to North Carolina G. O. P.

(Special to The Times-Dispatch.)

Washington, February 19.—If any doubt existed as to whether the Taft people are in the present fight for blood, it was removed here to-day, when President Taft withdrew the names of ten men from North Carolina, which he had sent to the Senate at various times during the past few weeks for confirmation.

The nominations withdrawn are John Biddle, collector of customs, district of Pamlico; Christopher D. Jones, collector, district of Beaufort; and the following: William A. Mace, Beaufort; Samuel E. Marshall, Mount Airy; John R. Joyce, Reidsville; William S. Sain, Reidsville; Estelle Cameron, Rockingham; Harry J. White, Roxboro; and J. C. Bland, West Durham.

This action created considerable interest among the Southern contingent in Washington. It was explained by those familiar with Tarheel G. O. P. matters that it was a notice to E. C. Dorman and former Congressman John M. Marshall, both of whom were in North Carolina, that they must stop fighting among themselves, have matters adjusted and get the delegates to Chicago squarely in line for Taft.

The State convention will meet in North Carolina in May. Meantime the President will not fill the places for which the Tarheel followers if they seem to have more strength.

If Dorman holds the greater power at that time his men will then be named for these places, but they will go to the Tarheel followers if they seem to have more strength.

Today's action, so far as known here, is believed to be the most convincing warning of the patronage club to force delegates for Taft seen in years.

Hermann Says United States League Not Outlaws

Cincinnati, February 19.—August Hermann, chairman of the National Baseball Commission, to-day declared that the United States League was not hostile to the newly formed American and United States Leagues.

"The two leagues are not outlaws," he said, "they are independent bodies within their rights and not trespassing on ours. We have no right to object to them; no license to money them; no right to dispose of its contracts to any organization not in the outlaw class."

He said he had a player for whom I had no room, and all the big league wanted him, I would not hesitate to turn him over to either league. Any nation agreement team has a perfect right to dispose of its contracts to any organization not in the outlaw class."

NEW YORK WILL OPEN SEASON IN RICHMOND

President Landgraf, Chairman Schedule Committee of United States League, Announces Opening Dates—Season Begins May 1

BY GUS MALLBERT.

Richmond, which will be the latter part of the week, work on Lee Park will be finished. It will be pushed to completion.

On his way East from the Cleveland meeting Landgraf stopped off to have a talk with Manager Alf. Newman, at Amsterdam, N. Y.

Amsterdam, N. Y. Newman is highly pleased over having received the signed contract of Lohr, the left-hander from Westfield, Mass. This youngster pitched twenty-two games last season, winning sixteen. He gave but thirty-two hits on balls, which is considered a good record for a portly pitcher.

Goshen, another pitcher, has also signed his contract. This boy worked for the Newark club, in the Ohio League, last season, and has a great record. Five players are now on the roster of the local club. They are Hoffman, third base; Newnam, shortstop and manager; O'Hare, outfielder; Lohr and Goshen, pitchers.

The schedule will be made public just as soon as Landgraf gets to Richmond. Upon his arrival he will make his permanent headquarters. Fans are busy engaged in finding out just what kind of a team Richmond is going to have. Going up against such clubs as Cincinnati, New York, Brooklyn, Pittsburgh, Cleveland and Boston is no small matter. But the best of all is that Richmond begins the season against New York. Estimates of the crowd which will be on hand are already being made, and the most conservative estimate puts it at the capacity of the park.

When Lee Park is completed the New York club will come to Richmond for spring practice. It is probable that the team will be here for two weeks. Pittsburgh is scheduled to work out at Newport News. Exhibition games between these three clubs will be arranged. In this way the fans can get a line on the teams before the actual playing season begins.

Just as soon as Landgraf returns to

the dynamite plots, and that some of the men now indicted objected to any unusual number of explosions while the convention was in session.

In this connection McNamara's confession is quoted as stating: "McNamara said he wanted a lot of 'open shop' contractors to come to the convention. He wanted them to be brought down up, and that in that way many officials, including President Frank M. Ryan, Herbert S. Hoekin, vice-president, and members of the executive board, had the subject brought to their attention. What was the real motive of the delegate in offering the resolution was not divulged, but it is pointed out that J. J. McNamara, the convicted dynamiter, and Orlie McNamara were on their way from Indianapolis to Rochester when McNamara decided to leave at Cleveland a suit case containing twenty quarts of nitroglycerine.

Had McNamara asserted that McNamara had mapped out a series of explosions, which were to be presented to the convention."

Information from delegates who had arrived in advance at Rochester is held back by the government as having induced McNamara to change his plans.

That information, the indictment charges, was that the International officials, including President Ryan and business agents, were fully aware of
